

## What We Offer

The Manhattan Life Insurance Company is proud to offer our **“Preferred Choice Annuities”**, a competitive portfolio of short-term fixed deferred annuities. If you are looking ahead to your retirement years, security, stability, financial independence, and peace of mind are no doubt important to you. Annuities help you save, grow and protect your retirement assets. When it is time to retire, fixed deferred annuities offer the ability to generate a steady stream of income for a period of time, or for your entire lifetime.

Manhattan Life’s “single premium” deferred annuities are available for three, five, six or seven years. These annuity products are available for initial deposits as low as (USD) \$3,000 and as large as (USD) \$1,000,000. These fixed annuities are the **Preferred Choice** for clients who have their retirement savings in Savings Accounts, Certificates of Deposit or other annuities.

With Manhattan Life annuities, your money goes to work immediately. Interest rates are guaranteed for a fixed period of time, depending on which annuity you select. Since these are short term annuities, you are able to maximize the liquidity of these assets.

Our **Preferred Choice Annuities** offer a variety of unique product features including no up-front sales charges or administration fees deducted from your premium and penalty free withdrawals. You will also have the option of exchanging or transferring your **Preferred Choice Annuity** at the end of the surrender charge period to any annuity then offered by the Company.
